Samvel Gevorgyan

I'm a Front-end developer with extensive experience in building high-quality sites.

My experience range from building responsive sites that work well cross-browser. I like working on projects with a team that cares about creating beautiful and usable interfaces. It's important for me to build long term relationships with clients, so I'm primarily looking for long term projects. I'm flexible with my working hours and I look forward to hearing from you.

MY CV SITE - <https://www.samcv.net>

In this site, I have used Angular 8, Angular Material, Angular flex layout, aos.js anim.js, angular-particle, angular-fontawesome, ng-circle-progress, ng2-parallaxscroll and NODE js for sending Email (nodemailer)
